Brief about programme:

A **blood donation camp** was successfully organized by the **Youth Red Cross (YRC)** in association with the **Government Primary Health Centre** on **11.07.2025** in the College Auditorium. The primary objective of the camp was to promote the spirit of voluntary blood donation and to support local hospitals and patients in need. A team of 25 medical professionals from the Government Primary Health Centre managed the screening and collection process, ensuring a safe and hygienic environment throughout the camp. Around **100 volunteers** participated in the camp, including students, staff, and members of the local community. After preliminary health check-ups such as blood pressure, hemoglobin levels, and medical history assessments, eligible donors were proceeded to donate the blood. In total, **50 units of blood** were collected, which will be used to support emergency and routine medical treatments. The camp was well-organized with proper arrangements for donor rest, refreshments, and post-donation care. All donors were given **certificates of appreciation** and **refreshments** as a token of gratitude.

The **Youth Red Cross** extends its heartfelt gratitude to the Management and Principal for having given their constant encouragement to conduct this event.
